

DIRECTIONAL FAULT FINDER AND FENCE METER

The patented Nemtek Directional Fault Finder and Fence Meter measures the electrical condition of an electric fence. By holding the meter against the fence wire the meter will turn on automatically when it detects a fence voltage. The fence meter will automatically turn off after a few seconds when not in use. The long battery life allows for simple operation and storage.

Features:

- Patented fence probe offers more accurate readings
- Quickly and easily locates faults along the fence line
- Large LCD display for easy reading
- Displays current, voltage and the direction of a fault
- Lightweight with a convenient belt clip
- Slimline rugged design with a water-resistant case
- Low battery warning
- Automatic energizer polarity detection
- Can be used with most energizers

**Pouch sold separately*

Specifications:

Voltage Display Range	-14kV to 14kV
Current Display Range	1A to 85A
Automatic Turn-On Voltage	150V
Battery Type	2 x 1.5V AAA
Battery Life	~200 hours
Operating temperature	-10°C to 50°C
