

DRUID DUAL ZONE KEYPAD

The Druid dual zone energizers can also be controlled and programmed with the optional LED dual zone keypad. The energizer can be installed near the fence and the keypad can be located where it is most convenient for the user

Features:

- Up to two keypads can be connected to one energizer
- The fence voltage outputs can be adjusted using the keypad
- The siren and gate outputs can be bypassed using the keypad
- The dual zone keypad can be used with either of these energizer models: D25LCD, D28LCD

Specifications:

Size	L130mm X 105mm X H30mm
Weight	180g
Power	12V (from the energiser supply)
